**Letter of Recommendation for:  
Jargal Oyunbileg  
Shwiff, Levy & Polo**

I had the recent pleasure of working with Jargal Oyunbileg. She is a CPA from the CPA firm Shwiff, Levy & Polo (SLP) on co-sponsoring a Small Business Taxes workshop.

Our firm, Hilliard Management Group, is a provider of financial accounting and bookkeeping services as well as a nationally recognized presenter of QuickBooks workshops. In the last 10 years, we have trained over 300 business owners per year on basic accounting skills and concepts and the use of QuickBooks.

During our Small Business Taxes workshop, we cover the taxes that business owners should be aware of in their day-to-day operations as well as how to guard against the most common pitfalls.

Jargal did an absolutely wonderful presentation on strategic tax planning and the importance of proper recordkeeping and documentation. She identified some of the most common areas of a business tax return that tend to get audited by the tax authorities and explained proven methods that business owners can use to continue getting tax deductions for their business expenses.

She explained tax laws and accounting concepts to the attending business owners and answered questions in laymen's terms. At the end of the class the attendees thanked us for being able to explain such a normally dry topic in a lively way that will directly affect their daily operations, business cash flow and profitability.

In my workshops as well as with my regular clients, I always recommend that business owners surround themselves with experts. I feel absolutely comfortable recommending Jargal and anyone else from SLP to any of my business clients. SLP stays ahead of the trends, constantly educates themselves beyond the minimum requirements of a licensed CPA, and are true advocates for their clients.

Sincerely,
