Subject: address changed

Pat -

Thanks for concluding things with the final distribution. Also for reminding us about changing addresses. I've changed the homeowner's insurance policy, but I can't think offhand of what other mail still might show up there, things have changed around so much. I'll come by and pick anything up if I hear from you.

Thanks again for your expertise and patience with a fairly complex return not to mention the years of supporting our mother. You've been a tremendous help both to us and our mother - especially in the patience department. And we look forward to hearing from you about the estate tax conclusion (is that an address that needs changing?). We'll certainly be working closely in the future together. In the meantime, our best regards,

Alex
