

## LITIGATION SERVICES

Litigation support involves the quantification of economic damages pursuant to existing or pending litigation using accounting and auditing techniques. Our staff compiles information efficiently to assist in the calculation and documentation of any potential economic loss or damages.

Russell Thompson Butler & Houston's Litigation Department is one of the fore-runners in the field of litigation services in the Mobile area. Our expertise includes:

- ◆ Litigation experience through representation for a variety of businesses and industries, including: Medical, Insurance, Oil, Retail, Wholesale, Farming and Construction.
- ◆ Diverse experience assisting clients with bankruptcy, loss of personal income, loss of profits, business damages, divorce litigation and mediation, forensic techniques, and probate accounting.
- ◆ Experts in Court Testimony (Plaintiff & Defense).
- ◆ Excellent understanding of attorney/client needs and ability to transform that knowledge into a clear, concise, successful product.
- ◆ Excellent ability to communicate complicated evidence in language understood by jurors.
- ◆ Diverse experience in valuations of businesses, for purposes of estate planning, mergers, purchases, sales and divorce.
- ◆ Excellent experience in settlement and claims administration of class action lawsuits including validating, processing, and paying claims.
- ◆ Intensive training in deposition, mediation, and trial testimony.

## CASE HIGHLIGHTS

The following case summaries are just a sampling of our many representations:

**Settlement Administration -** Administered claims in class action lawsuit.

**Fortune 500 Corporation Bankruptcy -** Distribution of assets for plaintiff.

**National Surety Corporations -** Loss determination from misappropriation and Probate testimony.

**Large National Corporation -** In-depth analysis of financial and business operations and Federal Court testimony to pierce corporate veil for plaintiff.

**Small Business Owner Expert Witness -** Researched and testified as expert witness for new business owner to avoid possible IRS penalties and interest from contractor versus employee issue from successor owner.

**Business Valuation -** Prepared analysis of business value for divorce litigation and civil litigation.

**Divorce Mediation and Representation -** Financial analysis and business evaluation of fifteen corporations and business entities for settlement. Identification and analysis of all issues that need to be covered in separation agreements.

**Misappropriation -** Represented plaintiff with circuit court testimony on criminal prosecution case to determine theft by misappropriation.

**Asset Purchase Trace -** Traced asset purchases made from misappropriated funds for bankruptcy for plaintiff.

**Lost Profits -** Financial analysis in defense cases to reduce or eliminate verdict.

**Lost Earnings -** Determined lost earnings in plaintiff case.

**Calculating Construction Delay Claims and Damages -** Financial calculation in defense case to reduce or eliminate claim.
